

Felipe Santiago Morais

• Junior Front End Engineer •

• PROFILE

I am a **Junior Front-end Developer** specializing in React JS. I have experience in developing with HTML, CSS, JavaScript, and TypeScript. Additionally, I am skilled in creating tests using Jest, Vitest, and the React Testing Library. My focus on improving application performance and integration demonstrates my attention to detail and adaptability, which enhances my ability to solve problems as a team player.

• PERSONAL PROJECTS

Personal Portfolio

A showcase of my skills, knowledge, and projects. Developed using cutting-edge technologies such as React with TypeScript, HTML, CSS, Context API, and Vite, it serves as a testament to my knowledge. It also features comprehensive integration testing with Vitest and React Testing Library to ensure robustness and reliability. It includes my contact information and personal details, providing a comprehensive overview of my capabilities and achievements.

Libraries used: React Router DOM, Styled-Components

Hamburger Shop

A personal project aimed at creating a user-friendly shopping platform for ordering snacks, managing items in the cart, and completing purchases seamlessly. Leveraging technologies such as React with TypeScript, HTML, CSS, and Context API, and Vite. Additional enhancements come from libraries like React Router DOM for smooth navigation and styled-components for stylish UI elements.

Libraries used: React Router DOM, Styled-Components

Pokedex using PokeAPI

A project focused on utilizing the PokeAPI to retrieve and display Pokémon data on the screen. Leveraging Axios for secure API requests and styled-components for enhanced UI styling. Technologies include React, JavaScript, Context API for state management, and Vite for efficient development. The project provides features such as easy

Luana Integrative Therapies Page

The project utilized React, TypeScript, Vite, Context API, and automated tests with React Testing Library and Vitest. The focus was on creating an introductory page for guidance on Dr. Luana's integrative therapies, including her contact information and service details. It's emphasized that this was a freelance service and is currently in development.

Libraries : React-router-dom and Styled-Components.
